

Be alert to fraudulent websites purported to be from Public Transport Fare Subsidy Scheme

The Transport Department (TD) alerts members of the public to fraudulent website addresses that pretend to be for the Public Transport Fare Subsidy Scheme (PTFSS) and seek to deceive members of the public into providing their personal information, such as their name, Hong Kong identity card number, mobile phone number and credit card account. The TD reminds members of the public that they are not required to provide credit card and the abovementioned personal information for collecting subsidies under the PTFSS. Members of the public should stay alert when receiving any unidentified messages, and should not visit suspicious websites or disclose any personal information. Should users of Octopus and AlipayHK have any enquiries about the PTFSS, please call 2969 5500 (Octopus) and 3002 0905 (AlipayHK) respectively.
